TEAMBUILDERS/HOLIDAY EVENTS:

"Food Done It was THE BEST corporate team building event I have ever booked. Kevin was so accommodating and it had the perfect balance of fun with an AMAZING amount of delicious food. 100/10 would recommend!"

"We had a great time. Enjoyed the food, but took some home as it was too much to eat it all on the tour. Loved our last stop and that it was all decorated for Christmas, made us all happy and started the season so well!! Thank you for everything!!! - Kim & ACT Central"

"Big Brothers Big Sisters of Long Island provided 50 of our program participants with the opportunity to enjoy the Food Done It experience. After booking, the team at Food Done It went above and beyond to make this a special and personal experience, even providing us with personalized gift certificates for our matches.

Whether you approach it as a food tour or immerse yourself in the characters and puzzles, Food Done It offers something for everyone. The experience was thoroughly enjoyed by everyone. The variety of food combined with puzzle-solving created an enjoyable and immersive experience for both our volunteers and mentees.

The portions were generous and very filling. The shop search activity was a highlight, adding a unique twist to the event. The disguises added an extra layer of fun, and the participants appreciated the flexibility to move at their own pace, which enhanced the overall enjoyment. Both volunteers and mentees found the activities exceptionally fun and engaging. All attendees reported that they highly recommend this unique experience to individuals and groups alike."
